Team Work

EXPERIENCE

Python Pro Intern

Grras Solutions (P) Ltd

📅 06/2023 - 08/2023 📍 Jaipur

Summer Internship

- Participated in an intensive summer internship focused on developing web applications using Flask.
- Gained proficiency in Python, applying it to various programming tasks and web development projects.
- Acquired skills in MySQL and SQL, including database design, querying, and optimization.
- Learned to build web applications using the Flask framework, including routing, templating, and session management.

PROJECTS

E-Commerce Website

📅 06/2024 - Present 📍 Jaipur

Short summary of your work

- Developed a fully functional E-commerce website with features like product listings, user authentication, shopping cart, and payment processing.
- Utilized HTML, CSS, and JavaScript to create a responsive and user-friendly interface.
- Implemented server-side logic using Node.js and Express.js to handle API requests, user authentication, and order processing.
- Designed and managed a MongoDB database to store user data, product information, and order details.
- Developed RESTful APIs for product management, user orders, and payment gateway integration.
- Implemented secure user authentication and authorization to protect sensitive data.
